

VICTORY! VICTORY! VICTORY! VICTORY! VICTORY! VICTORY! VICTORY!

LUCAS COUNTY CUTS TIES WITH GENOCIDE

Lucas County has officially moved to not renew previously invested \$1.5 million in Israeli Bonds. *Thanks to your advocacy, the county has wisely decided not to renew this investment.* Israel's actions in Gaza and its escalating military spending raise serious ethical concerns. Continuing such investments would not only be a financial risk but also a moral compromise. We urge Lucas County to stay true to its values by avoiding investments that are both financially and ethically irresponsible.

Allow Lucas County to serve as a precedent for your county. Ohio Counties, including Lucas County, have the legal right to choose not to renew past investments. This decision is not subject to change by any authority, including Attorney General Dave Yost. It is entirely within the county's rights to distance itself from involvement in the Israeli government's war crimes.
